

Agriscience Educators,

Please pass this along to your school community!

TSC (Tractor Supply Company) is running a campaign to help support the Michigan FFA the month of July. All customers who visit a TSC Store this month will be asked to donate \$.25 (or more) to the FFA upon checkout. The funds will help support all of our FFA Leadership activities throughout the year.

Please send your students, parents, FFA Alumni and fellow teachers to your local TSC store this month to support the FFA!

Please also contact your local TSC store to thank them for this exciting opportunity, this is a great way for us to promote our organization and mission to a huge audience across Michigan—  
Thanks TSC!

Feel free to contact me if you have any questions, or would like to plan events for this month at your local TSC store to help promote the fundraiser.

Warm Regards,  
Megan
